Product data sheet for uvex phynomic B foam

Lightweight, flexible and resilient! It is with good reason that the uvex phynomic B foam is one of our most popular gloves. It fits like a second skin and is perfect for any task requiring a low level of cut protection and/or touch sensitivity. uvex phynomic cut-protection gloves are manufactured in our carbon-neutral production facility in Germany and meet the highest standards of health protection (proDERM®). And thanks to touchscreen compatibility on all standard screens, tablets and mobile phones, you'll never need to remove the uvex phynomic B foam while working.

Features

- Ergonomic fit
- Good grip
- Excellent abrasion resistance
- Very good tactile feel
- Excellent touchscreen capability

Suitability for industrial working environments

- Suitable for dry and slightly damp work environments

Material number	60080
