

Dry Zone Visible Rain Trousers Hi-Vis with reflective stripes

ART. 022403R

Dry Zone Visible Hi-Vis Rain Trousers with reflective stripes – the perfect choice for those in need of waterproof workwear with high visibility. These rain trousers are part of ELKA Rainwear's Dry Zone Visible series, known for its certified hi-vis clothing that combines comfort and functionality in demanding work environments. The trousers feature reflective stripes that enhance visibility in dark and poor weather conditions, ensuring extra safety on the job. For durability, the trousers are reinforced with welded seams in the crotch, resisting wear in exposed areas. This makes them ideal for tough work in challenging conditions. The elastic waistband ensures a comfortable and flexible fit, following your movements throughout the workday. The press buttons at the ankles allow for adjustment, keeping the trousers snug and protecting against rain and wind. For full protection and visibility, pair the trousers with the Dry Zone Visible PU Hi-Vis Rain Jacket with reflective stripes, creating a complete rain set that keeps you dry and visible all day.
