ACTIVARMR™

# 47-402

## Comfortable oil-repellent glove for medium duty tasks

Previously known as: Hylite™

Oil | Medium Duty

# Fully dipped nitrile-coated work gloves, for comfort, flexibility and mechanical resistance

- **Optimized comfort and ergonomics:** With interlock knit lining, ample sizing and a design shaped to natural hand contours, fully dipped ActivArmr® Hylite™ 47-402 nitrile-coated work gloves offer superior comfort levels
- **Advanced protection:** A special nitrile formulation enables these industrial gloves to combine robust mechanical protection, oil repellency and abrasion resistance, while maintaining superb flexibility
- **Enhanced durability:** They outwear PVC-coated gloves by a margin of 3 to 1, light leather alternatives by 5 to 1 and cotton ones by 12 to 1
- **Reduced surface defect risks:** Designed without silicone content, these ActivArmr® gloves are suited to metal sheet handling and motor manufacture, offering assured cleanliness and fewer contaminant transfer risks

### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Chemical

### Applications

- Handling metal sheets & panels
- Chassis assembly, body trimming
- Final assembly
- Inspection (picking, checking and marking)
- Cutting glasses, sheets, panels
- Fabricating metal parts, glass sheets
- Assembly & inspection of components
- Warehousing of raw materials
- Loading and unloading trucks and vehicles
- Handling incoming goods
