AlphaTec™

58-005

Ergonomic, Comfortable Chemical protection

Mediumweight chemical-resistant gloves with excellent grip, dexterity and comfort

- **Elevated comfort:** AlphaTec® 58-005 chemical-resistant gloves integrate a nylon liner into the nitrile and neoprene shell for better dexterity and tactility
- **Enhanced grip:** These safety gloves feature Ansell GRIP™ Technology, enhancing dexterity and grip for secure handling of dry, wet or oily parts, as well as reducing hand fatigue
- **Heightened protection:** AlphaTec® 58-005 hand protection gloves offer a foldable cuff gutter, which prevents chemicals from running down the arm, providing added personal protection
- **Advanced features:** AlphaTec® 58-005 chemical protection gloves are made of a unique nitrile and neoprene blend, ensuring enhanced chemical permeation and degradation resistance

Industries

- Agriculture
- Automotive
- Food Processing
- Life Sciences
- Metal fabrication
- Energy
- Recycling and Waste Disposal

Applications

- Assembly & inspection of components
- Painting or cleaning tools or robots
- Handling incoming goods
- Transferring liquids and solids between vessels and tanks and process equipment
- Transferring liquids and solids
- Opening furnaces draining pumps valves or lines and crackers BTX process
- Opening and draining pumps valves or lines

AlphaTec™

58-005

Ergonomic, Comfortable Chemical protection
