87-063

A heavy duty chemical resistant glove incorporating a raised diamond grip and 100% cotton flock lining for better comfort.

Flocked natural rubber gloves, providing mechanical and chemical resistance

- **Advanced comfort:** AlphaTec® 87-063 natural latex rubber gloves feature 100% cotton flocking to ensure greater comfort and flexibility
- **Optimized protection:** These heavyweight chemical-resistant gloves possess a beaded, long cuff that ensures tear resistance and easy donning, delivering additional personal protection
- **Reinforced grip:** Thanks to the raised picot pattern on the palm and fingers, AlphaTec® 87-063 safety gloves grant excellent wet and dry grip
- **Food handling compliance:** As these yellow food handling gloves have an AQL of 1.5, they are also suitable for food applications

Industries

- Janitorial / Sanitation
- Food Processing
- Chemical

Applications

- Chemical Handling
- All food processing applications that have food contact
- Janitorial use
