HyFlex™

74-718

Enhanced Cut Protection in Critical performance areas

Previously known as: VersaTouch®74-718

Cut | Medium Duty

Safety gloves granting superior cut protection, performance and comfort

- **Enhanced comfort and protection:** HyFlex® 74-718 industrial gloves feature zonal plaiting along with Dyneema® Diamond Technology yarn, resulting in increased protection in high risk areas of the hand
- **Advanced ergonomics:** These hand protection gloves also incorporate Tuff Cuff® II Technology to retain their ergonomic shape during use and after laundering
- **Elevated comfort:** Owing to their advanced fibers, these cut-resistant safety gloves contribute to moisture and hand temperature control in cold and warm environments
- **Added feature:** In addition, the liner design of these HyFlex® gloves reduce hand fatigue in high-stress areas of the hand by adjusting the knitting to match the shape of the hand, particularly in the knuckle areas

Industries

- Food Processing

Applications

- Assembly and disassembly of equipment
- Primary cutting

HyFlex™

74-718

Enhanced Cut Protection in Critical performance areas
